Summary

I am Shoaib Ur Rehman, an experienced MERN Stack Developer. With a Bachelor's degree in Computer Science from Karakoram International University Gilgit (KIU), I have over three years of strategic leadership and innovation in the technology sector.

At Dot Austere, I guide the technology direction to align with organizational goals and drive growth. I nurture a high-performing tech team to deliver impactful solutions and meet business objectives. I also pioneer cutting-edge technologies to enhance product offerings and maintain a competitive edge. As a Software Engineer at Upwork, I have contributed my expertise to remote projects that demand adaptability and effective communication. I leverage a diverse skill set to address a range of software engineering challenges, ensuring robust and scalable solutions. I specialize in React Native, Vue.js, and Next.js, and utilize Git and GitHub for seamless version control. I am passionate about the transformative power of technology and stay updated with the latest industry trends. I am open to new opportunities for teamwork and innovation, and excited about contributing to exciting projects and taking on new challenges.

Shoaib Ur Rehman | Experienced MERN Stack Developer- Chief Technology Officer at Dot Austere

As the Chief Technology Officer at Dot Austere, I bring over three years and five months of relentless dedication to steering technology initiatives. Since September 2020, I've been leading our tech strategy with a focus on innovation and efficiency.

Professional Expertise:

Strategic Leadership: Guiding the technology direction to align with organizational goals and drive growth.

Team Empowerment: Nurturing a high-performing tech team to deliver impactful solutions and meet business objectives.

Innovation Driver: Pioneering cutting-edge technologies to enhance product offerings and maintain a competitive edge.

Achievements:

Tech Visionary: Spearheading transformative projects that leverage technology for business advantage.

Operational Excellence: Streamlining processes, improving system performance, and ensuring optimal tech functionality.

Dot Austere:

As the CTO at Dot Austere, I am proud to contribute to the success and growth of our organization.

Upwork

Software Engineer

September 2020 - March 2024 (3 years 7 months)

Pakistan

Shoaib Ur Rehman | Experienced MERN Stack Developer - Software Engineer at Upwork

As a dedicated Software Engineer at Upwork, I have been contributing my expertise to remote projects since September 2020, accumulating 3 years and 5 months of experience.

Professional Journey:

Remote Excellence: Thriving in a remote work environment, I've actively participated in and delivered on projects that demand adaptability and effective communication.

Technical Proficiency: My role involves leveraging a diverse skill set to address a range of software engineering challenges, ensuring robust and scalable solutions.

Upwork Experience:

Global Collaboration: Engaging with a global talent pool, I've embraced the opportunity to collaborate with diverse teams, fostering innovation and achieving project milestones.

Continuous Learning: At Upwork, I've been a part of a dynamic ecosystem that encourages continuous learning, allowing me to stay ahead in the ever-evolving landscape of software engineering.
